

I Was Once Loved

I was once loved
I was once held
I was once cared for
By my life's dream
 Now I walk the lonely road of sorrow
 Seeking the end of day's dull dream.

I was once loved
I was once held
I lived life only
To love and serve her
 Now I live life only for tomorrow
 Burdened by a hollow loneliness.

I was once loved
I was once held
I was once given
Life's golden years
 Now I live a life without purpose
 Hoping to find what I have lost.

I was once loved.
